

ATTENTION GRAIN GROWERS

Pitt, Greene, Lenoir, Wayne, Duplin, Sampson, and Robeson Counties

A Regional Conservation Partnership Program (RCPP) Grant was awarded to the Smithfield Agronomics (SmithfieldGro) program to fund EQIP contracts through USDA's NRCS offices in your counties.

The funds are for grain growers interested in implementing nutrient management, conservation tillage, and cover crop practices. RCPP applications will be screened and ranked in the EQIP program, but will only compete for contract funding within the RCPP pool.

To Sign Up:

- Go to your county NRCS office.
- Ask to sign up for EQIP.
- Specify that you want to be screened and ranked for the SmithfieldGRO RCPP grant fund.
